TARGET ROLES

Junior | Trainee | Internship
Frontend / Web / App Support

CORE STACK

- JavaScript
- TypeScript
- React
- Vite
- HTML / JSX
- CSS
- Tailwind CSS
- REST API
- Axios
- React Router

TOOLS

- Git / GitHub
- PRs, merge, code review
- VS Code, terminal
- npm, Prettier
- Postman, Chrome DevTools
- ChatGPT / Codex
- Notion, Trello
- Excel, Google Sheets

COURSES

CS50: Introduction to Computer Science - Harvard / edX, completed

JavaScript online course + practical calorie counter project

EDUCATION

Jagiellonian University, Kraków
Biotechnology studies, 2014-2019

LANGUAGES

Polish - native
English - C1, professional working communication

STRENGTHS

- Ownership
- Communication
- Problem solving
- Learning by building
- High-pressure work
- Customer-facing mindset

PROFILE

Entry-level IT candidate focused on frontend, web development and technical support. Currently building a React/TypeScript movie app with Vite, Tailwind CSS, Axios, React Router and TMDB API. I combine hands-on coding practice with 8 years of hospitality experience: leadership, team training, English-speaking customer service, operational responsibility and work with digital systems.

Junior / Intern

PROJECTS

Movie App - React/TypeScript film browser

github.com/werbel7777/movie-app

React | TypeScript | Vite | Tailwind CSS | Axios | React Router | API

- Frontend web app using TMDB API to fetch and display movie data: lists, search, routing and movie detail pages.
- Actively developed on GitHub with branches, commits, pull requests, merge workflow and feedback from experienced developers.
- Uses ChatGPT and Codex for learning, code analysis, debugging, refactoring and TypeScript typing support.

Calorie Counter App - JavaScript course project

- Simple practical app focused on calorie calculation, form handling, user input and core JavaScript logic.

PROFESSIONAL EXPERIENCE

Waiter

2025 - present

Restauracja Salvia - Kraków

- Customer service in a dynamic environment; daily work with POS systems and operational processes.
- Communication with international guests; accuracy, service quality and smooth team cooperation.

Head Waiter

2024 - 2025

Restauracja Cargo - Kraków

- Supported service organization, team coordination, guest communication and efficient shift workflow.
- Worked with POS and operational systems; solved service issues in a fast-paced environment.

Head Sommelier

2022 - 2024

Restauracja Amarylis - Kraków

- Managed wine program in a Michelin Guide-listed fine dining restaurant; wine lists of approx. 80-150 labels.
- Trained staff; handled monthly inventory, purchasing, suppliers, budgets, invoices and stock control.

Head Sommelier

2021 - 2022

Restauracja Folga - Kraków

- Managed wine selection, wine pairing, supplier cooperation, orders and digital inventory/invoice processes.

Additional Highlights

Technical work habits

- Learning by building real features, not only tutorials.
- Comfortable with PR feedback and iterative improvements.
- Uses AI tools as support while focusing on understanding code.
- Able to explain project structure, API flow and routing logic.

Operational background

- 8 years in customer-facing roles, including fine dining.
- Trained approx. 50-70 team members; teams of 5-15.
- Managed monthly inventories, budgets and purchasing.
- Worked with suppliers, POS, invoice and inventory systems.

Availability

Junior / trainee / internship; full-time.

Working model

Remote, hybrid or on-site in Kraków.

Reliable

Communicative

Learning fast

Problem solver
